## TO OUR DEDICATED PLAYERS OLD AND NEW

**F**ounded in 1979, Activision was one of the first interactive entertainment software companies. Through the years we have provided countless hours of enjoyment to our customers on a variety of computer and videogame systems around the world.

**L**ast year, the team at Activision re-dedicated themselves to the principles that had led Activision to become a leader and began the development of exciting new products.

**T**his new team possesses years of collective experience in both the video-game and personal computer software industries, as well as a passion for excellence, quality and excitement.

**Y**ou're going to see the products of this passion at Activision in upcoming years. We hope you will share in our excitement and enthusiasm, and that you derive as much satisfaction experiencing our games as we have had in making them.

**Aliens vs. Predator™**

Thrills raced down our spines when double-jawed monsters attacked the space colony in Aliens. Predator gave us a healthy fear of dread-locked warriors from another planet. But what if the two most terrifying species in cinematic history battled it out, face to face, in intergalactic combat? You'll never see a confrontation like this one in a feature film...but you'll live it in Aliens vs. Predator, a sci-fi thrill seeker's dream come true. Hot graphics, great sound and nonstop adventure coming to a machine near you!

ALIENS vs. PREDATOR

**MechWarrior™**

70 tons of armor, muscle and weaponry stand between you and victory. Impossible odds? No, just another day's work for a 31st century MechWarrior pilot in this 3D action adventure. If you're a better pilot than your adversaries, you'll walk away with money, salvaged parts from the wreckage of the battle and your life. Prove yourself in regular combat and you'll be ready to earn a full four-Mech lance, the weapon you'll need to take on the Dark Wing, scourge of the Inner Sphere. Do battle as one of eight types of "Mechs" on a variety of terrains. Make or break your fortune as a mercenary of the future!
