SPYCRAFT

THE GREAT GAME™

This authentic spy thriller features spymasters William Colby (former CIA Director) and Oleg Kalugin (former KGB Major General). You are a CIA operative. Infiltrate a web of rogue spies on your mission to stop the assassination that threatens the balance of world powers.

Windows® 95/MS-DOS® hybrid CD-ROM Item # CDD-3110 \$44.95
 Macintosh® CD-ROM Item # CDM-3110 \$44.95

Gather intelligence online* by linking to real Web sites and accessing up-to-the-minute information.

Track the trajectory of an assassin's bullet, surveil double agents and intercept radio transmissions.

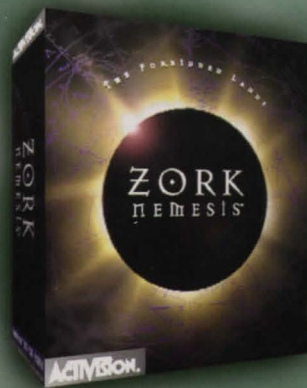

Unsurpassed film production enriches hours of realistic spycraft in a chilling world of intrigue.

*Windows® 95 & Macintosh® Versions Only

ZORK NEMESIS™

The newest addition to the Zork universe beckons you to journey to the darkest corners of the Great Underground Empire... Explore five fantastically-detailed, 3-D realms as your senses devour stunning graphics and sound that set a new standard in computer adventures.

Windows® 95/MS-DOS® hybrid CD-ROM Item # CDD-3112 \$49.95
 Macintosh® CD-ROM (Coming Soon) Item # CDM-3112 \$49.95

Featuring 14 Hollywood actors, dramatic live-action video and dozens of innovative puzzles in over 40 hours of immersive gameplay.

Z-Vision Surround Technology allows realistic 360° movement against lavishly illustrated backgrounds.

Hypnotic ambient music and special effects create a seamless virtual reality experience.

MUPPET TREASURE ISLAND™

It's the Muppets' version of Robert Louis Stevenson's classic search for buried treasure. Join Kermit™ and his Muppet crew on the interactive journey of a lifetime! Discover a treasure trove of puzzles, activities and learning gems in this whimsical world of fun!

Windows® 95/Windows® 3.1 hybrid CD-ROM Item # CDD-3113 \$34.95
Macintosh® CD-ROM Item # CDM-3113 \$34.95

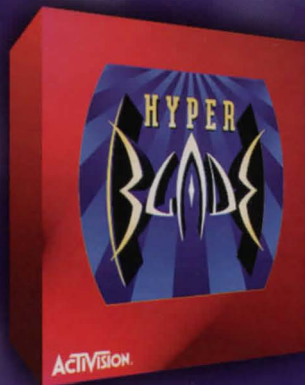

Lushly illustrated backgrounds, panoramic 360° views and stunning sound create the highest production-value family CD-ROM ever.

Your sidekick Stevenson the Parrot guides you through a never-before-seen blend of animation and video on three CDs!

Four engaging worlds and two hours of video (featuring Tim Curry and Billy Connolly) provide hours of entertainment.

HYPERBLADE™

When velocity forces fury, real athletes play HyperBlade. The mega-sport of the 2000's, HyperBlade takes sports from the past: hockey, lacrosse and speed-skating — and body-checks them with a vicious street blow! Ruthless players, brutal teams and a world where only pain leads to victory.

Available July '96

Windows® 95/MS-DOS® hybrid CD-ROM Item # CDD-3111 \$44.95

Challenge 12 future sports teams and over 30 distinctive athlete personalities in the Transnational HyperBlade League (THL).

Smart Cam technology follows the gameplay with multiple camera angles that allow for a full 360° viewing range of the action.

Optical motion capture technology uses actual human movement for realistic skating and player fighting moves.

MECHWARRIOR® 2

Strap into the most realistic 31st century war machines ever to explode on your PC. Customize 15 BattleMechs with over 20 unique weapons systems and brave ultra-realistic 'Mech vs. 'Mech combat. (Windows® 95 Pentium® Edition includes NetMech™!)
