### **DRUIDS MOON** By Charles Sharp – The Dreaming Djinn

All his life the man has been intrigued by the magical culture of the druids. At the height of the summer he was called, called from the very depths of his being and he would never be the same again. He was caught in a dramatic web which would leave him a different character. Tommy Astle, the hero of the Werewolf Simulator returns trapped in a mysterious adventure which will leave him a changed man.

### **METALDRONE** By Martyn Hartley

Keys O=left p=right z=fire q=jump.

On the planet Tospotos those clever chaps from Drone Cloning have developed a new type of Wardroid. To test him they have dropped him in at the deep end or to be exact in at the dreep end. Dreep is Tospotos' ancient foe and Metaldrone has been thrust into their headquarters to do as much damage as possible. Objects to collect. JETPACK, BUCKET, BOOTS, LASER DISK, RUBBER DUCK, EXIT SIGN, BALL & CHAIN, MISSILE DISK, NRG PACK, BOMB and SPIKES. How you use them is up to you to find out!

### **SMUDGE & THE MOONIES** By Barry Benson

Henri S Mudge Esq – Nickname "Smudge" occupation Chimney Sweep. Smudge must clean all the chimneys in the village of Le Crelle before he can go home. British holiday makers hamper him by driving on the wrong side of the road, and football hooligans don't help either! No sooner does Smudge make it to the roof but he is attacked by Moonies – which are actually Moon Aliens not strange men with lowered trousers! Smudge does have a jetpack (OK so he's a space age window cleaner!) to help him. Can you help him to avoid all nasties and get to sweep the mayor's mansion.

### **DESERT BURNER** By R Poole & T Murray

Hell's grandad Bert Heggerty is striking back. Help Bert control his 200 mph mean machine in a vigilante mission against the Hungerboys, a local gang. Bert has a cannon on his bike, can he handle it? Caps Shift=Accelerate Z=Jump Space=Fire H=Pause S=Restart.
