TO LOAD: Type Load "" and then press ENTER.

Please Note:-

1. The ladder will be found in one of the castles. A castle may only be entered once and you must have a key.
2. Keys may only be obtained by killing the animals that guard them (with a sword). Without a sword you will be killed. Swords may be found in the city.
3. Scrolls will give you directions to the ladder. Once you have the ladder you may not drink from an oasis. Extra water will be lost if you run from a fight or meet a ghost.
