GALACTIC FRONTIER

Head out into deep space for the ultimate adventure -- the search for life.

Galactic Frontier captures the imagination and reality of outer space for both the serious student of astronomy and the casual adventurer who wants to attempt the ultimate adventure.

Suggested retail price $14.95

TORCHBEARER

Graphic adventure game for the Commodore 64 and 128.

Years ago, a powerful and evil wizard stole the Torch of Truth and hid it somewhere in Pastoria. With the people thus blinded, the wizard began to take the land. The time has come for a new hero to take the Torch of Truth back! Will you accept the challenge?

Suggested retail price $14.95

BASIC 8 TOOLKIT

Basic 8 Toolkit is a collection of utilities for use with Basic 8. Featured is a point-and-click operating system that will allow you to create custom pointers, fonts, patterns and icons. In addition, the Toolkit will allow you to convert Print Shop graphics into a Basic 8 graphic file. You may even add a splash of color to the patterns, icons and graphics with the color option.

Suggested retail price $19.95

HOW TO GET THE MOST OUT OF BASIC 8

This book and two-disk set is filled with examples, explanations, and demos. In addition, one entire section of the book is dedicated to using Basic 8 to create your own animations. Topics covered include planning your project, the 3D environment and animation details. Die-hard Basic 8 programmers, as well as those just starting out with Basic 8, should take a look at this excellent book.

Suggested retail price $19.95

Free Spirit Software also has a complete line of Amiga products, including utilities, education and entertainment products. Call or write for a copy of our Amiga catalog.

NEWS MAKER 128

Desktop publishing for the Commodore 128D. (Will work with a Commodore 128 if the 64K video RAM upgrade has been installed.)

News Maker 128 uses the 80-column mode of the 128 to create professional looking newsletters, reports, signs and posters. It can be used as a stand-alone program or in combination with other word processing and graphics software. Standard sequential files are used for "pouring" text into columns. Graphics can be directly imported from Print Shop and Sketchpad 128, and all Basic 8.0 brush files are compatible. Other options include: full page layout, popdown menus, smooth screen scrolling, font selection, cut, paste, mirror, and flip.

Features of News Maker 128 include:
- ❑ Full 1750 REU support to hold 45 fonts and five full pages of text.
- ❑ A freehand draw mode to create and edit graphics using the 1351 mouse.
- ❑ A Note Pad utility for creating and editing sequential files.
- ❑ Sideways, a printer utility to print your pages sideways.

Suggested retail price $29.95

SKETCHPAD 128

Sketchpad 128 is a complete 80-column drawing system designed for the Commodore 128 with a 1351 mouse.

Features of Sketchpad 128 include:

Smooth freehand drawing.	Lines, boxes, rays, circles and arcs.
640 X 200 resolution drawing screen.	Shaded fill patterns.
Many fonts	Clip art features.
Full printer support.	Pixel editor.
Grid maker.	Advanced drawing modes.

Suggested retail price $29.95

SPECTRUM 128

Impressively from an artist's standpoint, Free Spirit has chosen quality of performance over guarantee of sales... - Compute!'s Gazette

Spectrum 128 is a deluxe 80-column drawing system for the Commodore 128D, or the Commodore 128 with the 64K video RAM upgrade. Spectrum 128 uses all 16 colors on the 640 X 200 resolution screen, and provides an additional 128 colors through dithering. This menu driven program includes many features such as air brush, mirror, block fill, pixel editor, built-in slideshow, color editor, support for the 1750 REU and adjustable font sizes. A powerful text mode allows you to reverse, underline, rotate, mirror, flip, complement and pattern fill your text.

Spectrum 128 is compatible with all Basic 8 files, including those created with Sketchpad 128 and News Maker 128, and also supports Print Shop graphics.

Suggested retail price $39.95

1541/1571 DRIVE ALIGNMENT

The 1541/1571 Drive Alignment System...is a fine piece of reasonably priced software aimed at solving alignment problems. [1541/1571 Drive Alignment] is an excellent, efficient program that can help you save both money and down time. *Compute!'s Gazette*

The 1541/1571 Drive Alignment System is a precision evaluation program that will help you to keep your drives in perfect alignment. The Alignment System will automatically evaluate the alignment condition of your drive and provide you with the necessary information to realign your drive. As you make adjustments, the program will continue to report the alignment condition. On screen help is available while the program is running.

1541/1571 Alignment System runs on the Commodore 64, SX64, 128 and 128D (in either 64 or 128 mode), and will accurately evaluate the following drives: 1541, 1541C, 1541-II, 1571, SX64 drive, and many other Commodore compatible drives.

1541/1571 Alignment System comes complete with manual, program disk, calibration disk, and alignment procedures for 1541 and 1571 drives.

Suggested retail price $34.95

SUPER 81 UTILITIES

Super 81 Utilities is a complete utilities package for the 1581 disk drive and the Commodore 128. It is supplied on both 3 1/2- and 5 1/4-inch disks so that it will load on either a 1581 or 1571.

Super 81 Utilities features an options window for easy file and function selection. The DOS utilities portion can rename disks and files, scratch or unscratch files, create auto-boot disks and much more. Super 81 Utilities will also allow you to:
  ❏ File copy entire disks from 1541/1571 format to 1581 partitions.
  ❏ Selectively copy 1541/1571 files to 1581 disks.
  ❏ Copy 1581 files to 1571 disks.
  ❏ Backup 1581 disks or files using one or two 1581's.

In addition, you get a 1581 disk editor, a drive monitor, and a RAM writer. A Commodore 64 version of Super 81 Utilities is also available

Suggested retail price $39.95

SUPER DISK UTILITIES

The value of Super Disk Utilities is not that any of the dozens of options are exotic, but that they are all located in one place. - *Commodore Magazine*

Super Disk Utilities is a collection of utilities for the 1571 and the Commodore 128. The utilities are grouped into seven functions: DOS utilities, disk copying, file copying, CP/M utilities, disk editor, drive monitor, and RAM writer.
