**D**amiano Delstrego, the Wizard of Partestrada. Alchemist, scholar, musician and heir to dark magic, young Delstrego possesses the secrets to great good — and vast evil. He seeks to preserve his beloved city from the ruthless Pardo and to recover an artifact of corrupt and devastating potency. But at what cost?

**Saara**, the most powerful witch in all the Italies. Tender and vengeful by turns, Saara can aid young Damiano — or blight his hopes for all eternity.

**Archangel Raphael**, Damiano's seraphic counsel. In answering a young boy's plea for lute lessons, the Archangel becomes enmeshed in the tangled affairs of mortals, thereby imperilling his angelic stature.

**Lucifer**, the Father of Lies. His every utterance compromises virtue. He loathes his brother Raphael and strives to crush anything the Seraph touches.

**Their world is before you.**
