

COMING SOON FROM PANDORA OUTLAND

OUTLAND is a simultaneous two player vertically scrolling shoot'em-up like no other, Outland features a range of bolt on additional weaponry never before seen, and 2 plane parallax scrolling backdrops.

The graphics far surpass all currently available shoot'em-ups. OUTLAND will be supplied on two discs and features extended music for owners of double sided ST drives.

Available March 89 £19.95 AMIGA & ST

DEBUT

Scheduled for destruction and condemned throughout the galaxy, the DEBUT planet. The end result of an unforgivable experiment by man to create his own garden of Eden from a desolate asteroid.

You have been provided with a devastating array of equipment, it is up to you to save the planet and return its eco-system to a stable state.

Available soon £19.95 AMIGA & ST
