THE PHARAOH'S TOMB
PHIPPS ASSOCIATES

48K ZX Spectrum

You discover the entrance to an ancient Pharaoh's tomb, blocked by a rock. If you are skilful, you can get in and take all the treasures – but beware! The Pharaohs did not build their tombs without making quite sure that their possessions are properly guarded. This is an Adventure which uses split-screen graphic pictures and a scrolling text window, with machine coded English command line scanner for fast word recognition.
