Buy Two and Get One Free!

Take advantage of Miles Computing's newest promotional offer! Buy any two of our IBM/Tandy products and receive a third absolutely free! It's easy! All you have to do is attach the UPC stickers from the two products you purchased to the back of this coupon and mail it in! IT'S THAT SIMPLE!

And you're choosing from the cream of the software crop; no left-overs, golden oldies, or cutouts here. There's something to please any player—from the epic puzzle game *The Fool's Errand*, to the outer-space strategy saga *Galactic Wars*. So take your pick, either redeem your coupon for one of our great games or take a free hint book! The choice is yours. Order now!

The UPC sticker can be found on the back of the package. It is a black & white label with vertical lines placed above a number code which begins with 91948. Either peel or cut the sticker off and attach it to your coupon. There is a $3.00 charge to cover the cost of shipping and handling.
