SPY FOX™ "Operation Ozone™"

**air today,
gone tomorrow.**

A huge hairspray space station is blasting vile vapors into the ozone, putting Earth at the mercy of the sun's rays. With her paw on the nozzle, Poodles Galore unleashes her plot to corner the sunscreen market. It's up to SPY Fox™ and his friends to "can" Poodles and save the planet.

System Requirements

Windows®: Pentium®133, Windows 95/98/2000/ME, 32MB RAM, 4X CD-ROM drive

Macintosh®: 132 MHz Power PC™, System 7.5.5, 32MB RAM, 4X CD-ROM drive

Starting the Game

Before playing *SPY Fox™: Operation Ozone™*, close all open applications.

No installation is required with Windows 95/98/2000/ME or Macintosh.

1. Just insert the CD-ROM into your CD-ROM drive.
2. Wait for the AutoPlay window.
3. Click the **PLAY** button.

AutoPlay Troubleshooting

If the AutoPlay window does not open when the game CD-ROM is inserted, the AutoPlay feature may not be operational or enabled on your computer, or one or more of your drives may be running in MS-DOS Compatibility Mode.

MS-DOS Compatibility Mode

Windows 95/98/2000/ME runs in MS-DOS Compatibility ("SAFE") Mode when it cannot determine the type of CD-ROM, or if there are DOS CD-ROM drivers loading when the computer boots.

To check for MS-DOS Compatibility Mode:

1. Right-click on the "My Computer" icon.

2. Click on **Properties**.
3. Click on the **Performance** tab.
4. If it reads "Some or all drives are running in MS-DOS Compatibility Mode", contact your computer manufacturer for help. Explain that you need to enable 32-bit mode for your CD-ROM drive.

AutoPlay Disabled

If your computer is not running in MS-DOS Compatibility Mode:

Windows

1. Insert game CD-ROM into the CD-ROM drive.
2. Double-click on the "My Computer" icon.
3. Double-click on the CD-ROM icon.
4. Double-click on Autorun.exe.

Macintosh

Note: Mac OS X does not support the AutoPlay feature. To play the game, follow these steps:

1. Double-click on the game folder located on your desktop.
2. Double-click on the game icon.

This should start the game and you should now be able to play *SPY Fox: Operation Ozone*.

MOVING AROUND

Using the Mouse: To guide SPY Fox, lead the way with your cursor. When your cursor is on an object that can be manipulated, the hollow arrow becomes solid. Click on the object to make it move, to pick it up, or to learn more about it. To move from place to place, click the mouse when your cursor becomes a large, solid arrow.

Clickable Surprises: For surprise treats, click on the characters and objects around the scene. Many objects animate differently each time they are clicked, so spend some time exploring and learning about new characters and locations as you go. You can also trigger these click points by pressing letters on the keyboard.

SPY FOX'S TOP-SECRET INVENTORY

You can find SPY Fox's Secret Inventory Bar, including Handy Items, SPY Gadgets and Talk Balloons, by moving your cursor to the bottom of the screen.

Handy Items: Some of the items you come across, like a beekeeper's hat and bowling shoes, are useful to SPY Fox. Click on an item and SPY Fox will pick it up and store it in his tuxedo. To use an item, click on it and the cursor will become that item. Then click on the character or object you want to use it with.

SPY Gadgets: SPY Fox has some pretty amazing top-secret SPY Gadgets at his disposal! To obtain these gadgets, go to the SPY Gadget vending machine at Mobile Command Center. Choose a SPY Gadget and Professor Quack will explain how it is used. It will then be transported into your SPY Gadget Containment Unit in your inventory. To use a gadget, like the Granny Grappler or the Sticky Stun Bun, click on the SPY Fox logo (shhhh...it's really a folding gadget kit!), then click on the gadget you want to use.

Talk Balloons: SPY Fox receives Talk Balloons after he interacts with some characters. These are notes that can be used to elicit more information about a character or object. To use a Talk Balloon, click on the notepad and it will pop-up. Click on the Talk Balloon you want, then click on a character in the game.

SPY FOX'S SECRET SPY WATCH

Another nifty creation from Professor Quack and it tells real time!

Click the Mobile Command Center button to communicate with Monkey Penny at any time. You may also use all Talk Balloons on Monkey Penny by clicking them on the SPY Watch screen.

Click the Save button and your cursor will become a picture of whatever room you are in. Place the picture in the Save Game screen.

Click the Load button and you can play one of your saved games.

Click the Fun button to play the arcade game Radioactive Trash Collector!

HELPFUL GAME HINTS

- ▶ Explore all locations. Click everywhere – and often. The more you click, the more important information you'll discover!
- ▶ Click characters more than once – stay and chat with them awhile! They might have something important to say, but you might need to “get to know them better” before they'll tell you critical information!
- ▶ Make a map. Give each place a name and draw a line to other locations you can access from there. List the characters, things and information you find in each place.
- ▶ Write down interesting tidbits of information and keep a list of these “clues” next to you. You never know when you might need information you learned earlier.
- ▶ If you can't get somewhere, go back to

where you've already been and explore some more. Sometimes you need to have completed a specific action before you can continue.

For your Pies Only

My crust rises high

For your Pies Only

I'll top it to the sky

For your Pies Only

For your Pies Only

I'll make it taste so nice

and cooked with quite a few
But none of these high hatted folks
can hold a whisk to you

4. From Poodles With Love (3:13)

Vocals: Tom McGurk

She moves with such grace, finesse and style
She can melt your heart, with a glance and
a smile

But danger lurks beneath her fine tresses
Beware the poodle in expensive dresses

Her jewels all dazzle and her bows beguile
But she's plotting and planning all the while
Don't turn your back, or look away
Because the poodle with posh will make
you pay

From Poodles With Love
Comes a dangerous smile
Beware the curly charmer
She's got fire in her eyes
She'll bewilder and beguile you

And lure you to her trap
From Poodles With Love
Beware her dastardly yap

All eyes are upon her as she enters a room
You can tell by her coat that she's
impeccably groomed
But don't let that fool you, for one moment
or less
She'll take you apart, and leave you a mess

She knows how to spy, and to scheme and
be evil

She'll burrow down deep, like a classy
bow-weevil

And get in your head to mess up your cause
Beware of the poodle with the satin
gloved paws

From Poodles With Love
Comes a dangerous smile

Beware the curly charmer
She's got fire in her eyes
She'll bewilder and beguile you
And lure you to her trap
From Poodles With Love
Beware her dastardly yap

From Poodles With Love!

5. Man With The Golden Bun (1:29)

Vocals: Tom McGurk

Well...

Give a man a spoon and a bowl for mixin'
Give 'im some flour and all the fixin's
Give 'im some water and an egg or two
Give 'im some sugar and molasses goo
Let 'im mix it up in that bowl you gave
and lick the spoon (and have a shave)
Let 'im pour it in to some tins for baking
You'll see that this is one baker who's not fakin'
He's got the stuff to flavor it right
When you watch him work it's quite a sight
He never gives up and he never gives in
When he's - a - mixin' just watch him spin

He'll have you drooling over his tasty work
And when they rise well around you'll jerk
Combine the ingredients
Get hot like the sun
You'll never taste better than
The Man With the Golden Bun

Don't stop to look at other bread
Or you'll just be messin' up your head
You'll want to eat way too much
And 'fore you know it you'll be in the clutch
Of the baker of the buns for which there is
no better

Slather on butter (and watch that sweater!)
You'll drip and dribble it down your chin
Then it's back for more and more again

He'll have you drooling over his tasty work
And when they rise well around you'll jerk
Combine the ingredients
Get hot like the sun
You'll never taste better than
The Man With the Golden Bun

6. View To A Dill (2:06)

Vocals: Tom McGurk, Rebecca Nash

So sweet and sly, cool as a cat
Such a clever foxy SPY, you can say he's all that
But when his tummy goes growl, and his
stomach is achin'
It's a bee-line for the Re-frig-er-ator he is makin'

A long day of sleuthing does take its toll
And that mean old growl, burrows in his belly
like a mole

It gets down deep, and keeps him from sleep
How can this foxy guy get some tasty relief?

View to a Dill, in a Re-frig-er-ator
That fox'll get that pickle, sooner or later
He'll never give up, no he never will
Until that fox, gets a view to a Dill

View to a Dill, through a hunger fog
That fox has a hankering for a tasty green log

He'll never let up, until he finds himself a snack
A view to a Dill will get him back on track

Though danger lurks and foes lie in wait
His friends do call, and his boss berates
It's all a blur and a hazy gray
Until a tasty treat comes into play

View to a Dill, in a Re-frig-er-ator
That fox'll get that Dill, sooner or later
He'll never give up, no he never will
Until that fox, gets a view to a Dill

8. Where Has The Ozone Gone? (2:42)

Vocals: Tom McGurk

It's getting hot down here, underneath all
this sun
I'm burning up down here and I'm telling you
it ain't no fun
So many clouds of stuff, released into the air
I'm telling you right now it's warming up it ain't
no fair

Stop burning off the ozone layer
You call yourself quite a player
Like a fish swimming out of a pond
Baby, where has all the ozone gone?

Polar ice caps lost its head
Time to wake up and get out of bed
Sprayin' chemicals at the sun
Baby, where has all the ozone gone?

I tried to find some shade, away from all
this heat
But when I walked outside my shoes they
melted off my feet
I tried to find some ice, to cool off all my toes
But even in the Arctic all the ice, it done unfroze

Stop burning off the ozone layer
You call yourself quite a player
Like a fish swimming out of a pond
Baby, where has all the ozone gone?

Polar ice caps lost its head
Time to wake up and get out of bed
Sprayin' chemicals at the sun
Baby, where has all the ozone gone?

I look for some help to stop polluting all
the skies
But it seems that the people have gone deaf
from all my cries

Stop burning off the ozone layer
You call yourself quite a player
Like a fish swimming out of a pond
Baby, where has all the ozone gone?

Polar ice caps lost its head
Time to wake up and get out of bed
Spraying chemicals in the air
Has caused the earth to lose its hair?

Stop burning off the ozone layer
You call yourself quite a player
Like a fish swimming out of a pond
Baby, where has all the ozone gone?

9. Mission Implausible (2:32)

Vocals: Rebecca Nash

Well... I told you Pretty Puppy
When you first came home with me
That all your puppy business
should be done out on a tree

But you didn't listen to me
You just messed up on my floor

My patience has grown empty
But you've filled my heart so full
I guess I'll have to learn that gettin' you to
Go outside is just a
Mission Implausible

Well... My brand new carpet's steamin'
and on my floor's a messed up spot
I've never gotten over
all the stuff I've had to blot

But you never listen to me
You just mess up on my floor

My patience has grown empty
But you've filled my heart so full
I guess I'll have to learn that gettin' you to

Go outside is just a
Mission Implausible

I never dreamed that puppies
Could create such a great big mess
But each time I look into your eyes
I'm filled with happiness

But you never listen to me
You just mess up on my floor

My patience has grown empty
But you've filled my heart so full
I guess I'll have to learn that gettin' you to
Go outside is just a

10. Mr. Joke Joke Giggle Giggle (1:04)

Vocals: Tom McGurk

He's round and he's floppy
and like a puppy he's kinda sloppy
But you'll always double over
for Mr. JokeJokeGiggleGiggle

He's always got a laugh
or a snicker or two
For me or for you
He's Mr. JokeJokeGiggleGiggle

A laugh from his lips
Will send you into fits
Of giggles and snickers
You'll laugh off your knickers!

He's round and red-nosed
With extra long toes
In a clown suit you'll hoot
For Mr. JokeJokeGiggleGiggle

11. Live And Let Fry (3:07)

Vocals: Tom McGurk

I was a guppy swimming deep in the ocean
So confused and sad, so full of emotion
And then one day, an old Cod, he heard
me cry
And he gave me these words, which I now
live by:

(He said:)

Sometimes the hooks, they grab the guy
next to you
Sometimes the nets, they don't let you swim
on through
So if your pal gets scooped up and goes
bye-bye
Just laugh it off, learn to Live and Let Fry!

At first I ignored him, he was so old and
so gray
But sure enough, that dog-fish, he had
his day
I learned to heed his words with every heave
and every sigh
Just laugh it off, learn to Live and Let Fry!

Sometimes the hooks, they grab the guy
next to you
Sometimes the nets, they don't let you swim
on through
So if your pal gets scooped up and goes
bye-bye
Just laugh it off, learn to Live and Let Fry!

12. Some Assembly Required™ (1:47)

Vocals: Ken Boynton

Well...
My heart's in pieces on the floor
My dog he just walked out the door
My boss he called and said "You're fired!"
I guess my life's got Some Assembly Required

I've been looking for clues all over the place
But I just can't seem to find any trace
Of my decoder ring and gadgets too
I wish I could it's got me so blue...

My SPY com's broken it just won't squawk
My Parrot's mute he just won't talk
My heart's a achin' I'm so dog tired
I guess my life's got Some Assembly Required

I've been chasin' the bad guys 'til my face
is blue
I just can't catch 'em I'll never be through
I've been running in place for such a
long time
Won't you please come on and help me
solve this crime?
