

Dear Computer Owner:

Thank you for selecting one of our software products to add to your library. We hope you will have many hours of enjoyment and come back for more. Our testing procedures are rigorous; all program disks are verified before leaving our hands. However, if your program fails to load, please do not return it to your dealer; send your disk to us and we will replace it **immediately**. Instructions for returning defective disks are shown below.

Thanks again
Eurosoft International

LIMITED WARRANTY

Eurosoft International warrants to the original purchaser of this product that the program disk will be free from defects in material and workmanship for ninety (90) days from the date of purchase. A defective disk returned to Eurosoft during the ninety day warranty period will be replaced free of charge, provided that the disk has not been subject to damage or misuse. This warranty does not apply to the software itself, which is supplied 'AS IS'.

Within the ninety day warranty period, defective disks should be returned to:

Eurosoft International, Inc.
P.O. Box 2653
Westport, CT, 06880

and accompanied by proof of purchase, a description of the defect and a completed **original** registration card (if not previously submitted). Mark **WARRANTY CLAIM** on bottom left corner of envelope.

Following the ninety day warranty period, a replacement disk may be obtained by writing to the address show above, enclosing the defective disk, a check for \$10.00 (CT residents add sales tax) and marking **REPLACEMENT** on bottom left corner of envelope.

IMPORTANT

Please return your completed registration card immediately. You must send the original—do not photocopy. Due to the high incidence of software piracy, we can only offer support and backup/ replacement disks to registered customers.

REGISTRATION CARD

Mail to: Eurosoft International, Inc., P.O. Box 2653, Westport, CT, 06880

MORE ABOUT EUROSOF

Eurosoft International, based in Norwalk, CT, specializes in the introduction of top quality software to the North American personal computer market. We are the focal point for a great number of software developers; be they individuals, programming in their spare time, or large software companies, we all share a common goal—**outstanding software at affordable prices.**

With software developers based in Europe and North America, we have a truly international flavor; we're even teaching our president to speak American. Nice guy—weird accent!!

We are always interested in new and exciting software programs for today's range of home and business computers. If you have been bitten by the programming bug, and have a program of outstanding merit, contact us—you'll get a great reception.

Our only criterion is: **BE DIFFERENT.**
