A Breakaway Hit — All New ULTIMA VII

Lord British presents the first chapter in the third book of the award-winning *Ultima* saga. For the first time, *ULTIMA VII The Black Gate* combines the familiar sword-and-sorcery elements of previous adventures with those of murder mysteries and horror thrillers. In addition to fighting monsters and exploring dungeons, you'll need to master the arts of investigation and detection to uncover the secret of *The Black Gate*.

ORIGIN and COMPUTE Books Present...

Step behind the scenes and into a world of little known facts about the game that launched a new generation of computer entertainment, in this penetrating look at the best-selling *Ultima* saga. Author Shay Addams details the fascinating history, intense development and imaginative storytelling that make *Ultima* the favorite of fans throughout the world. Addams includes complete solutions to *Ultima I-VII*, *Martian Dreams*, *Savage Empire* and *Underworld*, as well as Nintendo versions and *Runes of Virtue* for the Game Boy.

- Find out how a 15-year-old student turned a high school project into a commercially produced game entitled *Akalabeth*, the obscure predecessor to the first *Ultima*.
- Discover the personal vision behind Richard Garriott's (a.k.a. "Lord British") 10-year commitment to bringing fantasy alive on the personal computer.
- Marvel at the international phenomenon that led to *Ultima* comic books, Saturday morning cartoons, popular records and television commercials in Japan.

25 Miles of Terror...

The first continuous-movement, 3D-dungeon, action fantasy!

ULTIMA Underworld

The Stygian Abyss

...marks a new vision for the distinctive ULTIMA series. View the world from a three-dimensional, first-person perspective, up close and personal. It's an intense, pulse-pounding experience that brings the fantastic world of ULTIMA to life in a blur of real-time motion.

- Action as close as you can come to real-time “virtual reality” on a PC. Walk and turn smoothly down passageways, leap across chasms, even swoop magically through the air.
- Boulders that roll down slopes, arrows that arc in flight, flasks of oil that smash against walls and burst into flames. Every object behaves as you would expect it to.
- A graphic interface that even novice gamers will find easy to learn.
- An elegant auto-mapper that takes the drudgery out of mapping. You can scribe your own notes onto parchment maps on screen.

A full orchestral score and lush, 256-color graphics in a power-packed extravaganza for today's 386SX+ computers!
