

MERIT SOFTWARE

1991 CATALOG

Dear Customer,

Welcome to our latest Merit Software product catalog! Take a moment to browse through it. I am certain you will find at least one Merit product that will entertain or educate you or your children.

We are proud of the products that we have developed over the past years and are pleased that many of our products have received the coveted Parents Choice Award.

Whether you are looking for the latest in computer simulation, products that educate your children or products that are just plain fun, Merit has them.

We would like to thank all of you for your suggestions, ideas and encouragement. We look forward to your continued support and to providing you with quality and entertaining products.

Sincerely,

Bill Graham, President

GAMES

Operation Combat™

Digitized sounds of gunfire, air support and movement of your troops take you right into battle.

Fight in the deserts of the Middle East or the Jungles of Asia with the firepower equal to that of United States forces in Saudia Arabia. With six battlefields and five scenarios to choose from, **Operation Combat** challenges your wits and your courage. Remember, in war, there can only be one victor!

Moonbase™

You are Commander of Project **Moonbase**, NASA's long range plan to colonize earth's moon. From your multi-million dollar annual budget, you must establish a base, then manage its growth into a full fledged, independent colony. With savvy (and luck), you may create a self-sufficient city on the moon, but not without handling the leadership problems in this political and physical environment.
