Dragon's Keep™ is designed to help your child develop skills in reading comprehension and map reading while enjoying the challenge of an adventure game. No help or supervision on your part is needed if your child can read at second grade level. The vocabulary is controlled, the instructions are on the disk, and no typing skills are required. The entire game is played with the space bar and return key.

SYNOPSIS OF THE GAME

A magical dragon is holding 16 animals captive in and around its magic house. The player must find each animal and set it free. Sometimes the dragon appears and won't let an animal go. The player must then leave the scene and return later when the dragon has gone.

WALL MAP AND COMPASS DECAL

Map reading is a very difficult skill for young children to master. To give your child a head start, we have enclosed a large map with labeled areas. Each time an animal is set free, your child can mark the location with a peel-off sticker. In addition, the compass decal will serve as a direction guide throughout the game. Simply peel it off and place it on the monitor near the screen.

COMMANDS

To move the cursor 

To enter a choice 

To turn the sound ON or OFF   (at the same time)

To find out how many animals are free
