HELP

The Space Quest Collection Manual can be found on the CD in the Manuals folder. Since most of the games in this collection refer to the manual for copy protection or game hints it is highly recommended that you print out the manual before you begin playing these games. Adobe Acrobat is required to view the manuals. Version 6.01 can be found on the CD in the Adobe folder.

DOSBOX

This product requires DosBox to function. To review the DosBox EULA you can find it on the CD in the DosBox folder called DosBoxEULA.txt. Also the source code for DosBox is included in this folder as well, dosbox-0.63-source.tar.tar.

To access the DosBox Source code you will need a program that can open .tar files.

WinRar a shareware program is able to open these files and can be found here:
