ZOOM FLUME

By Lynn Gardner

INTRODUCTION:

In this adventure, you are in your bathing suit at the water park. Want fun and excitement? Try the fast and slippery track of the super slide, a 5-story high water slide. Speed down a twisting course on the ZOOM FLUME, a water filled gully plunging you to the bottom. See if you can hang onto the Tarzan Trolley, a rope strung on a pulley between platforms. Ride the bumper boats in the lake. Ride the waves in the wave pool. Or go on a raft down the Raging Rapids. It's a cool day, but the surf's up. Enjoy! But first remember you only have so much money to spend so spend it wisely!

LOADING ZOOM FLUME:

To load Zoom Flume first insert the Adventure module in the cartridge port, and turn on the computer (and peripherals). Press any key to go beyond the title screen, and select the Adventure module from the next screen. After you advance beyond the Scott Adam's Adventure title screen, you will be asked "Where is the database?" To load the disk version, place the disk in drive one and type "DSK1.ZOOMFLUME" and press ENTER. To load the cassette version place it in your cassette recorder, make sure it is fully rewound, and type "CS1" and press ENTER. Follow all on-screen cassette loading instructions. After the game has loaded, you will be asked if you wish to load a saved game-If you have previously played ZOOM FLUME and saved your game you can restore your game here, otherwise enter "N" for NO.

PLAYING THE GAME:

You are now ready to start the adventure. If you have played other adventures for the Adventure module, you are probably familiar with the pattern of such games-you will have to find certain objects to arrive at your destination. ZOOM FLUME recognizes many of the common commands used in games for the Adventure module. For a detailed description of these commands, read pages 5 through 8 of the Adventure module manual.

Other Adventure Products

Asgard Software distributes some of the most exciting Adventure games and software for the TI-99/4A - our firm is widely considered the leader in 4A Adventure software. To obtain a complete catalog, write to the address on the cover of this manual. The following Adventure products are available (other than this one):

Adventure Module
