

TREASURE QUEST

If you've ever wanted to captain the trackless seas of the world in search of riches without measure, with a band of treacherous dogs who happen to double as your crew, then this game should act as a most effective substitute.

As captain of the 18th century sailing ship *Zombie*, you have come half a world in your quest for treasure. Your journey has brought you to the nefarious Blood Straights, and perhaps to a rapid death as well! In your favor are accurate chartings of the area, a dependable navigator, and a seasoned crew. In a negative vein, however, the Blood Straights is an area frequented by both violent storms, and an unsympathetic British Navy, which may mistake you and your men for pirates. A fickle crew and a rapidly approaching hurricane season round out your problem roster!

TREASURE QUEST consists of your inputting a series of commands into your microcomputer as you go about searching for buried/sunken booty. Detailed instructions are included to clarify and expound upon the various situations that you will encounter, along with advice and hints to aid you in your search. Each game begins differently, so you are assured of many hours of sea-faring fun!
