

Githyanki

An offshoot of humanity, centuries of slavery and millennia on the Astral plane have twisted this species into an intensely warlike race. They fight for the joy of it, though insult or thievery will earn a very focused rage.

"...and now we cower as they battle, these Githyanki and the Illithid, and we pray that neither will win."

Journal of Adan Gal, recovered 1324DR

Attacks: Silver Sword/Psionics

Defenses: Normal
