

# Troll

Trolls are horrid and vicious carnivores well known for being hard to kill. Indeed, all trolls regenerate, and most are only truly destroyed with fire or acid.

*"They may be stupid, but don't get cocky just because you know your twos and fours. It's their advantage when they don't have the smarts to know they should be dead."*

Captain Arat, in service of Lord de'Arnise

Attacks: Clawed Hands/Bite
