

COLOSSAL GIVES

software1

for the
spectrum
48k

Colossal Caves is based on the original mainframe adventure by Crowther which started the adventure mania.

With over 135 locations and vocabulary of 200 plus words.

Enter the Colossal Cave and discover the treasures left by the wizard. On your travels you will meet dragons, snakes, trolls and other denizens of the underworld. Be warned, this adventure can be addictive.

The program includes a save routine as the adventure can take days, weeks, even months to complete.

To load enter LOAD "" press the ENTER key and start the tape recorder. If the program fails to load after approximately 4 minutes, press BREAK and try again with a new volume setting. If the program still fails to load refer to chapter 6 of the Spectrum Instruction Booklet.

The program contains all the instructions necessary.

Good luck and good adventuring.
