GAME CONTROLS & INDICATORS

For a one player game use the keys Z, X, ", ? and SPACE to control BRUCE.

ONE PLAYER VS COMPUTER —

You are Bruce competing against the computer's Green Yamo. You can take five falls before the game is over.

BEGIN PLAY by pressing the SPACE key.

RUN left and right by pressing the Z, X keys.

KICK by pressing the SPACE key while you are running. You will deliver a kick in that direction.

CHOP by pressing the SPACE key while you are standing still. You will execute a chop in the direction you are facing.

LEAP to get from one ledge to another, press " whilst moving to the left or right. You may find that Bruce will have to leap to avoid hazards along some passageways.

CLIMB up a vine by positioning yourself under it, pressing " and holding it down until you reach the top. You can climb down the vine by pressing the ? key and across it by moving to the left or right.

DUCK to avoid a blow from the Green Yamo by pressing the ? key. (Bruce can duck but the Green Yamo cannot.)

PAUSE the game by pressing the DELETE key. Press COPY to resume play.

QUIT GAME and go to title page by pressing ESC.

INDICATORS are shown on the top line of the screen. From left to right you will find: player "up", that player's score, top score for this session of play, and the number of falls in reserve before the game is over.

POINTS
