

## Fantastic savings on Brian Moriarty's *Wishbringer*®!

Now that you're proving your cunning and valor in *Beyond Zork*®, you'll want to take on the fabulous creatures and explore the fantastic landscape in another captivating Infocom story. And we've got just the one for you. *Wishbringer*, Brian Moriarty's first work of interactive fiction, is now available for only \$14.95.

In this award-winning story, you're an ordinary mail clerk in an ordinary little town. But there's something quite extraordinary in today's mail. It's a ransom note for a kidnapped cat, and it will lead you through amazing adventures to *Wishbringer*, a stone possessing undreamt-of powers. For although the note is addressed to someone in your ordinary little town, it's postmarked for Special Delivery to Parts Unknown. And its true destination is somewhere beyond your wildest dreams. . . .

*Wishbringer* is the perfect choice for both novices and seasoned interactive fiction players. Although the magic wishes you're granted will help you solve the puzzles, experienced players can challenge themselves by using logic alone.

To prepare you for your adventure, the *Wishbringer* package includes a postal map of your home town, a mysterious sealed envelope, a copy of *The Legend of Wishbringer*, and an enchanted glow-in-the-dark *Wishbringer* stone.

You can order *Wishbringer* by simply filling out the form on the reverse side. Then you're on your way to having your most fabulous wishes come true.

## We'll Help You Out!

There's a solution to every puzzle in *Beyond Zork*, and a way out of every quandary. But sometimes even the most stalwart adventurer needs help. That's when the *Beyond Zork* InvisiClues™ Hint Booklet comes in handy. It's the only hint book written by the same people who wrote the story, so you know it's complete, accurate, witty, and fun. And it's the only one that helps you arrive at a solution step-by-step, instead of solving the problems for you.

Great care is taken to make sure your InvisiClues Hint Booklet gives you only the help you need, when you need it. Infocom words the questions to reveal as little as possible about the story, and uses the amazing InvisiClues process, which gives you a series of invisible hints progressing from a gentle nudge to a full answer. If you become stuck, all you have to do is find the question that pertains to your problem, run your InvisiClues latent image marker (included in the InvisiClues kit) across the appropriate spot, and the answer appears before your very eyes.

The *Beyond Zork* InvisiClues Hint Booklet is also a great source of fun for those who have successfully completed the

story. After all, it's virtually impossible to experience everything that can happen in an Infocom story the first time you venture through it. But with our hints, and particularly with the "For Your Amusement" section of the book, you'll be able to explore all the marvelous nooks and crannies of the story.

InvisiClues Hint Booklets are packaged in a special double format containing hints for two separate Infocom stories. Each double hint book contains hundreds of valuable hints. And each comes with two handsomely illustrated maps which will help you with locations in the stories. Included with your *Beyond Zork* InvisiClues are the hint book and map for *Plundered Hearts*,™ Amy Briggs's tale of adventure and romance on the high seas.

The Infocom Double InvisiClues Hint Booklet containing full hints and maps for *Beyond Zork* and *Plundered Hearts* is yours for only \$9.95. Included is the special InvisiClues latent image marker. To order your set,\* please use the order form on the reverse side.

\* Available 1/88.
