The Aim of the Game

At last, the computer game to surpass all others. You have been screaming, crying, begging for it and at last it is here. MONTY PYTHON with chips.

You will encounter fun as never before encountered in the zany humour that only PYTHON can give. As Sir Tappin you must go in search of the Holy Grail. Many fearful and hideous things await you, the three headed knight who has a lot on his shoulders. HIC, LIC and NIC each in search of their own quests and their brother SIC (to be avoided at all costs for obvious reasons . . . YUK!!!)

The terrain, a landscape plagued by evil, blood curdling creatures — THE WHITE RABBIT for instance! You may laugh, you may scoff but this rampant killer is explosive, literally!

So, Sir Tappin find your steed, stay steadfast, seek, search and submit the sacred secret sacrament to Camelot and for God's sake stop talking in that stupid lisp!

MAY THE RABBIT BE WITH YOU!!!!
