*"If you go down to the woods
today
You're sure of a big surprise,
An eagle has stolen your baby
away,
And vanished before your eyes,
Be careful while you're getting
him back,
Or animals are sure to attack,
Today's the day
for an Animal Magic
journey . . ."*

No Teddy-Bears in this story, but an assortment of weird and wonderful animals who stand between you and the object of your quest: finding the lost baby. You're going to need skill and cunning to make these animals help you (some of them may be **very** dangerous.) And even if you manage, there's still a desert, a mountain, a forest and many other treacherous locations to find and conquer. This is definitely not kid's-stuff!!

This adventure accepts the usual abbreviations (N,S,E,W,I,L, etc.) and commands of 2 words (Verb & Noun).
