# Ready To GO?

## Congratulations! You've Just Purchased One Of The Next Wave In Software Titles From The B&N Companies!

The B&N Companies, Inc. was created to bring you and your family quality software products covering a wide range of interests and needs at an unprecedented price.

B&N promises to bring you software that will captivate you, excite you and inform you. Software that will help you organize your life, your work or your home. We'll help teach your children math, spelling and foreign languages, and teach you the inner workings of your computer. And, just for fun, we'll bring you the best in computer games.

Finally, we will give you value that will truly amaze you. We've brought together several families of products, each with a specific focus, to help you identify and select the software you need.

Hey! Gimme  
That **FREE**  
Software!

## THE B&N COMPANIES' WARRANTY
