Congratulations on your purchase of a

CodeWriter Ready-To-Run Program

CodeWriter Corporation is the world's number one producer of Program Design Systems. Each of the enclosed ready-to-run programs is created with one of CodeWriter's design products. These resulting programs have been developed by enterprising individuals who are making money today for the programs they create. You can also earn money by designing **programs for profit!**

Complete, easy-to-follow instructions are contained on your disk. Select the "User Notes" option from the Main Menu to obtain detailed instructions that may either be displayed on-screen or printed out.

For more information on CodeWriter Design Systems and additional programs available in CodeWriter's Ready-To-Run line of software,

call 1-800-621-4109
