CRYSTAL THEFT

Find the crystal! Somewhere in a nearby Vegan Temple is a Faster Than Light communications crystal which Humanity desperately needs. Your mission is to help Field Captain Jonathan Markham of Earth Armed Services make his way into the Temple and remove it.

This adventure runs in real time, so even the clock is against you. Some commands to get you started are:

TIME
SCORE
SAVE
RESTORE
EXAMINE

Movements are to the four compass points, but UP and DOWN sometimes help. Individual commands can be chained together using 'AND' or 'THEN' to make quite complicated sentences:

TAKE THE BOOK AND EXAMINE IT THEN GO SOUTH
