FEATURES

There are several unusual features within this program. These include **RAMSAVE**, **RAMLOAD**, **WORDS**, **PICTURES**, **NEW TYPEFACE** and **NORMAL TYPEFACE**. A full explanation for each of these features will be given upon loading.

"FRANTIC"

This is a specially written piece of music for Precision Games by Baz Hoar. It is unusual in as much as no actual instruments have been used in it's recording. All of the sounds heard have been digitally sampled through a Spectrum computer and played back through the Spectrums own keyboard then multi-tracked on a Porta-Studio. No other external effects were used.
