I DARE YOU

At the local meet of the Birmingham Adventure Players Society you discussed the usual adventure related topics as you always do at these meetings "What I would like is to play a REAL adventure!" Lizzie, your best friend, said, "Really? Well maybe we can fix that!" she smiled, her usual sarcastic grin spread across her face. "Ya! I believe that when I see it!" you replied

"You coward! You're scared!"

"I'm not!"

"Do it then! I DARE YOU!"

And so the challenge began. Lizzie needed a week to prepare everything and now that week was over!

This adventure game understands all the standard adventure commands i.e. N, S, E, W, U, D. Some useful verbs are EXAMINE, LOOK, GET, DROP, GIVE, UNLOCK and many more. Other important commands are INVENTORY or (I) will give you a list of what you are carrying, SAVE will save the game position to tape and LOAD will restore a previously saved position from tape. RAMSAVE(RS) & RAMLOAD(RL) will load and save to memory..
