MYSTERY OF THE JAVA STAR

From
SHARDS
Software

100K adventure packed with puzzles, challenges and interesting facts. With 3 levels of difficulty and a score table at the end.

You have discovered an old map and a ships log book indicating the existence of magnificent treasures (including a mysterious ruby, the Java Star) aboard an 18th Century sailing ship, that sank in the Caribbean. You must organise an expedition, gathering resources and information, before making your perilous journey across the Atlantic...
