QUICK START INSTALLATION AND SET-UP

The CD-ROM version of *LANDS OF LORE: The Throne of Chaos* requires 5 Mbytes free on your hard drive, a minimum of 570K RAM free (583, 680 bytes), and a minimum of 2 Mbytes XMS or EMS free.

NOTE: The following instructions assume your CD-ROM drive is drive "E:". If your CD-ROM drive is not drive "E:", substitute the proper letter for your system. See your CD documentation for more information.

DOS INSTALLATION:

Insert the LOL CD into your CD-ROM drive. To select the CD-ROM drive, type "E:" and press the "Enter" key. Then type "INSTALL" and press the "Enter" key. Follow the prompts to install *Lands of Lore* and set it up for your computer. Once the setup is complete and you have returned to the DOS prompt, type "LOLCD" from the sub directory (specified during the set-up) to begin the game.

WINDOWS INSTALLATION:

Start Windows, and then insert the LOL CD into your CD-ROM drive. Choose "Run" from the "File" menu in the Program Manager. Type "E:\INSTALL" in the "Run" dialog box, and then click "OK" or press the "Enter" key. Follow the prompts to install *Lands of Lore* onto your hard drive, and set it up for your computer. Once the installation and setup is complete, the *Lands of Lore* CD icon will be available on the Windows desktop. **Restart Windows** and then double click on the LOLCD icon to run the game.
