# LANDS OF LORE™

## THE THRONE OF CHAOS

### COMMAND CARD

---

#### System Requirements:

To play *Lands of Lore*, you must have a 100% IBM compatible 386 or better computer, running DOS 5.0 or higher. In addition you will need a VGA display, a Microsoft compatible mouse, **22 MB** available space on your hard drive, **572K** (585,728 bytes) of free conventional ram, and **890K** (911,360 bytes) of free XMS memory. You can check the amount of RAM you have free by typing "**MEM**" at the DOS prompt. *Lands of Lore* will use any additional free XMS memory to increase performance.

*Lands of Lore* supports music and sound effects on the Adlib, Sound Blaster, Sound Blaster Pro, MT-32, LAPC-1, Sound Canvas, and General MIDI. To enjoy digitized sound effects, you must have a Sound Blaster, Sound Blaster Pro, Adlib Gold ("Gold" standard) or compatible card. To install and run *Lands of Lore* from Windows, you must have **Windows 3.10**.
