Adventure
The Faery Tale Adventure

*F*ear and death have come to the once peaceful land of Holm. Ogres plague the roads and wraiths walk the night! The *Necromaner* has stolen the Tailsman that once kept the world safe. Yet not all hope is lost. With your help, three very different brothers may venture forth into thick woods and lonely mountains, across vast oceans and swampy bogs in search of the *Necromancer* and a way to defeat him. The way will be long and perilous, but there are friends still in Holm. Talking turtles and magic swans can aid you, and who knows what helpful advice wandering strangers may have to pass on! There is strong magick as well: golden rings, potions, gems and totems! So be strong of heart and true of purpose! All of Holm is depending on you.

Over 17,000 smoothly scrolling screens make up a world full of castles, inns, cities and dungeons that takes weeks to explore.
