A MIDSUMMER DAY'S DREAM

Written by Peter Clark

The day is sunny and warm and hoping that an idea for another game will spring into your mind, you decide to take a walk in the peace and quiet of the local countryside.

After an hour of walking in the sunshine you arrive at the edge of Rabbit Warren Wood. Feeling hot and tired you rest for a while on a nearby grassy bank. You lean back into the grass - your eyes begin to close then.........!

This text adventure game understands all the standard adventure commands i.e. North, East, South, West, Up and Down which can be abbreviated to N, S, E, W, U, D. Some useful verbs are EXAMINE, LOOK, GET, DROP, GIVE, UNLOCK and many more. Other important commands are INVENTORY or (I) will give you a list of what you are carrying , SAVE will save the game position to tape and LOAD will restore a previously saved position from tape. RAMSAVE (RS) will save the game position to memory and RAMLOAD (RL) will restore a position from memory.
