TERROR

WE DARE
Four adventures that shocked the world have until now remained unpublished in the U.S. Boycotted by major U.S. software houses, they have changed the face of adventuring around the globe.

No. 1 Adventure in
England
Australia
New Zealand
BANNED in West Germany, restricted in England.
A multi disc horror epic, Jack The Ripper, Dracula, Frankenstein and Wolfman represent 5 man-years of work in 12 parts.
For connoisseurs of terror and interactive fiction, we have broken the embargo.
We dare unleash them.

Warning: this product contains graphic material which may shock users of a nervous disposition... many will find scenes disturbing.

Available for the Commodore 64/128.
