## EPIC ADVENTURES

EPIC adventures are full-scale machine code adventure games.

Sophisticated compression techniques have been used to provide a large number of locations and puzzles in each game. The adventures take place in a fantasy world which you must explore in order to find the solution to each game. You will require a combination of cunning, logic and magic, not only to complete your task but even to remain alive.

Each game is played by typing ordinary English sentences into the computer, which responds by describing your surroundings and telling you what is happening.

Full playing instructions are included in each game.

Each adventure has the following features:-

Approximately 230 fully described locations, colour, ultra-fast response, fast save of partially completed game on tape, scoring, disc compatible.
