## **Might and Magic**

Praz-El is a lone warrior with a secret past. Raised by a demon and trained in the ways of both magic and steel, he soon questions his place in life, until a letter from a dark stronghold changes everything. A link to his past has been made, but before he can act on it, his home in Sorrone is attacked by a legion of dead armies. When his young love becomes one of the missing, he swears to find her. When his surrogate father turns up dead, he seeks only vengeance. A ragtag band of warriors takes an epic journey through the dimension-altering Sea of Mist, where Praz-El comes face-to-face with his forgotten past and gains the mercy of the fire-demon Sendark. Now they must destroy two lowly servants who have somehow stumbled upon the power of Gods.
