Might and Magic® - DARKSIDE OF XEEN™

NEW

The Fifth Installment of the Might and Magic® Series

Explore the darkside of the colorful land of Xeen in this continuation of the award winning Might and Magic® series. Dare to walk the land where monsters rule and humans are outlaws. Defeat the mysterious ruler of the darkside and banish his monsters from the land forever.

- ★ All new monsters and graphics.
- ★ Spectacular endgame.
- ★ New digitized speech and sound effects.
- ★ Original music scores throughout.

SPECIAL BONUS

Explore twice the territory by combining Darkside of Xeen and Clouds of Xeen on your hard drive to make a single, seamless world. Defeat the wicked leaders of the two lands and discover the secret endgame sequence by solving the flip side puzzle of the combined games.

- ★ Multiple cross-over quests.
- ★ Travel between the games as if they were one.
- ★ Special endgame sequence for the combined world.

MS-DOS VERSION: Requires 2 Mgs RAM & hard disk. Supports 256-color VGA, all major sound cards.

NEW

Galactic Strategy - SPACEWARD HO!™

The Conquest Game of the Stars!

A unique strategy game of stellar proportions. You control the entire economic and military power of a new space faring race. You will allocate funds and resources as you build armadas, inhabit and terraform planets, and investigate unknown stars. Fight and conquer enemy races as they challenge your every advance. Explore and conquer a different galaxy every time you start a new game. The simple "Point and Click" interface is a snap to learn as you challenge up to 20 opponents (multiple computer players and network play capability creates an ever challenging environment). So giddy up li'l doggies the drive is on for... Spaceward HO!

- ★ No two games exactly alike.
- ★ Full windows support with menu driven commands.
- ★ Design your own ship, create your own galaxy, personalize your opponents.
- ★ A minute to learn, an hour to kick butt.

WINDOWS VERSION: Requires hard drive with Windows 3.0 or greater. Full Windows multi-media support.
MS-DOS VERSION: Requires 640K RAM and hard drive. Supports EGA, VGA, Super VGA to 1024 x 768 1256 color. All major sound cards.

War Games - EMPIRE DELUXE™

NEW

Build an Empire and Conquer a Vast Uncharted World!

This 1992 version of the famous original Empire "Wargame of the Century" will leave you gasping for more. Completely redone graphics in Super VGA adds more realism, a larger viewing area and completely adjustable resolution and imaging. Digitized sound effects, and an intuitive player interface make this the most intensely playable and addictive war game to ever hit your computer screen. A strategy game in the truest sense, Empire Deluxe will challenge your wits and tactics to their fullest.

Explore, encounter, and conquer as you expand your sphere of influence to span first a continent and then the world. However, beware for there are other would-be emperors out there. Multi-player, network and modem compatibility will add that "human factor" and will keep you coming back for more.

- ★ Three levels of game play from beginning to advanced.
- ★ Super VGA compatability.
- ★ Up to 6 players in each game.

MS-DOS Version: Requires 640K RAM & hard drive. Supports EGA, VGA, Super VGA (to 800 x 600). All major sound cards.

Science Fiction - PLANET'S EDGE•

Adventure into a Living Universe!

Nominated "Best Role Playing Game of 1992" Computer Gaming World

The cosmos beacons you in this epic mission of exploration and adventure. You and your starship crew will follow a path of clues and mysteries across the universe on a quest to return the Earth to its own space-time continuum. Go where no game has gone before... cross over the Planet's Edge!

Explore dozens of solar systems, each with planets featuring their own unique inhabitants and environment! Custom create your own spacecraft to transport and protect you on your wild journeys. Use your wit and your weapons against a galaxy of technologically advanced marauders. Both strategy-based and real-time combat options are available to suit individual styles of play. Story puzzles often have more than one solution, encouraging experimentation and replay.

MS-DOS VERSION: Requires 640K & hard drive. Supports EGA, MCGA, VGA, Tandy graphics. All major sound cards.
