NON-STOP POWER... EVERY MONTH!

Nintendo Power is the only mag loaded with exclusive power tips for the hottest games--like this one from Tetris!

You can add an extra challenge to Tetris by accessing the super fast Heart Levels. When the title screen appears, press and hold down on the Control Pad, then press the Start Button.

After you've selected the game level and you start playing, you'll see a Heart symbol next to the level number. This Heart indicates that the game speed has been increased by 10 levels.
