A vibrant, fantasy-themed illustration from the game Ultima Online. On the left, a green dragon-like creature with yellow horns and a sword is perched on a wooden structure. In the background, a woman in a white dress stands on a wooden platform, and another woman in a blue dress is visible. The right side of the image features a tall, dark, conical lighthouse with a glowing orange light at the top, situated on a rocky cliff overlooking a body of water. A small boat with a striped sail is on the water, and a village with houses and trees is visible in the foreground. The sky is filled with clouds and a large, golden bird-like creature is flying in the upper center.
