

**KING'S QUEST**

A decorative banner with a dark red, slightly textured appearance. The banner is curved and has a ribbon-like edge. The text "KING'S QUEST" is written in a bold, stylized, gothic-style font. The letters are white with a dark outline, giving them a three-dimensional appearance as if they are cut out of the banner. The banner is set against a plain, light beige background.

## MAGIC OF YOUR OWN

You may want to take a break at some point, and later begin where you left off. You can save your progress on a separate disk, your own "play disk." Use a blank disk, or one with information that you do not need, because it will be erased when it is prepared.

### Formatting or Preparing a "Play Disk"

You will need to prepare your "play disk" only once. Any time during the game,

TYPE: COPY DISK

Follow the prompts on the screen to create the "play disk". Then leave the "play disk" in the drive and continue the game. When you want to save a game, you will do so on this disk.

### Saving a Game

The game can be saved almost any time during play. If you do this often, then you won't lose much ground if Sir Graham should have an unfortunate accident.

TYPE: SAVE GAME

You will be instructed to put your "play disk" in the drive and enter a letter to identify your game. If your "play disk" is already in the drive, then simply type the letter.

TYPE: A - Z

The game will be saved, and you may then continue playing King's Quest.

### Restoring Your Game

To resume a saved game any time after loading King's Quest,

TYPE: RESTORE GAME

You will be asked to take out the King's Quest disk and insert your "play disk". If your "play disk" is already in the drive, simply

TYPE the letter (A-Z) for your saved game

Now you may continue playing King's Quest from the point at which you saved the game.
