end of automatic transactions				

You have one or more automatic transactions coming due. Do you wish to review them now?

Press ENTER to see your automatic transactions.  
Press ESC to go to the menu.

*Smart Money* reminds you when your bills are due - all you do is authorize payment!

**A**lthough *Smart Money* employs the widely used double-entry accounting method, you don't actually have to know anything about accounting to keep perfect track of all your financial records.

**T**ext or picture menus eliminate the necessity for memorizing commands. Once familiar with *Smart Money*, superfast menu replacement keys allow you to zip from one end of the program to the other with a single keystroke.

*Menus* mean you don't have to memorize a lot of commands. Screen display is in 40 or 80 columns.

► **Could you give your bank an accurate accounting of your net worth or cash flow today?**

*Smart Money* tracks assets, liabilities, income, expenses and net worth for up to 200 accounts.

► **Have you ever forgotten to pay a bill? Or wondered if you had?**

*Smart Money* records cash, check and credit card transactions. Reminds you when it's time to pay those bills that come around all too regularly. Constructs budgets and tracks actuals, so you can figure out where your money is going and how to make it go further. Prints checks customized with your name, address, even company logo.

► **Do your accounts always balance each month?**

*Smart Money* accurately balances checking and credit card transactions against monthly bank statements.

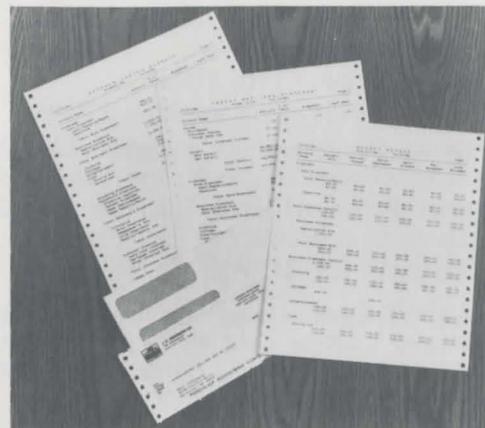

► **Do you know where you stand financially this year? Compared to last year?**

*Smart Money* gathers all financial data together in detailed reports, to produce a comprehensive picture of your financial status. Performs investment analyses for stocks, commodities, etc. Prints detailed reports on profit and loss, cash flow, net worth, and budgets. Prints transaction journals showing all transactions, or selected transactions by date, account, tax-related, name, amount, etc., sorted by one of several criteria. Prints graphs comparing actual and budgeted amounts with data from the previous year.

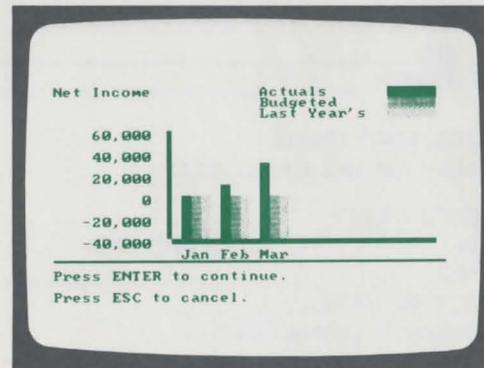

► **Do you know how to project and save for your long-term financial goals?**

*Smart Money* helps make critical financial decisions that affect you and your family's (or your business's) future. Calculates the declining balance on a loan, and projects the future balance of an annuity or savings account. Prints amortized schedules for loans, annuities, savings accounts.

**S**mart Money organizes your finances today, and helps you plan for a better tomorrow. It gives you powerful, user-friendly accounting, at an affordable price of \$79.95 -- no financial management package offers more, for less.

*Smart Money prints 12 different reports that detail and summarize your finances. Smart Money will also print checks customized with your name, address, even company logo.*
