BLUE DRAGON

BLUE DRAGON

Blue dragons are as large as the good bronze dragons. They are more gregarious than many of their cousins and can act and fight well as a team. They are very intelligent and skilled fighters. Blues have been used by the evil armies to batter fortifications with their deadly lightning attacks.

The blue dragon, Skie, is renowned, and feared, for his loyalty to the Highlord, Kitiara.

Although sometimes found in caves like others of their race, blues prefer warm, arid lands.
