

SILENT HUNTER™

STALK YOUR PREY, THEN FIRE AWAY!

A feature-packed World War II submarine simulator, **SILENT HUNTER™** is without equal. As commander of an American submarine in the South Pacific, your task is simple — *sink as much enemy tonnage as possible!*

Choose from a variety of American submarines — and let the hunt begin! Prowl the shipping lanes. Steal into enemy harbors. Embark on Special Operations missions. Authentic WWII film footage, cinematics and narration throughout provide a historical feel for the submarine combat experience.

Play individual missions or an entire campaign. Enjoy a first-person view of ships and an eagle's-eye view of tactical situation maps. And prepare to be blown away by magnificent

SuperVGA graphics, an original sound track and action so real you'll need a life jacket!

ADVANCED SIMULATOR SERIES

GREAT NAVAL BATTLES VOL. III

FURY IN THE PACIFIC, 1941-44

OWN THE PACIFIC.

SSI's ADVANCED SIMULATOR SERIES continues! GNB III is a huge simulation encompassing the entire Pacific War.

You get all major U.S. and Japanese ships and aircraft of the Pacific Theater. A random battle generator provides unlimited conflict — from

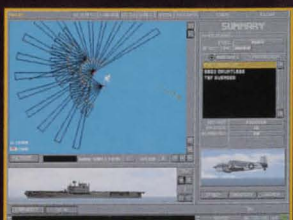

small surface engagements to full-blown carrier task force battles! Use the scenario editor to create battles or modify existing ones in areas like the Solomons or the Philippines. The customizer lets you alter various aspects of the game routines for total control!

A new interface and menu options, SuperVGA graphics and a killer sound track make this the hottest thing afloat!

Behold — The First AD&D® Game Available For 3D0!

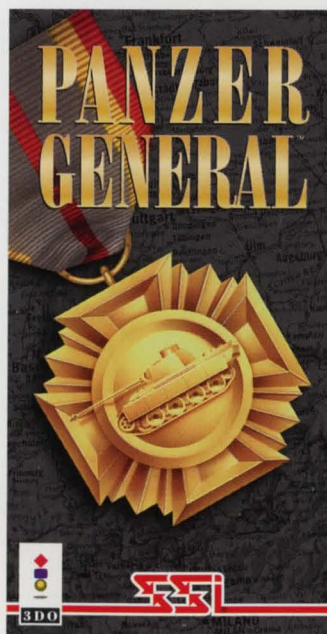

Become an AD&D® game hero armed with weapons and magic, exploring dungeons filled with the creatures of your nightmares. Hack and slash away at these vile monsters, avoid treacherous traps and solve mind-bending puzzles!

The randomized dungeon generator can create over 4 billion different dungeons — that's a new monster hunt every time you play!

Because it's designed for the 3D0 system, Slayer gives you the most awesome graphics and animation you've ever seen. Plus a first-person perspective that lets you look up, down, and all around. It's virtually real!

SSI ON 3D0

SSI's Innovative Strategy Hit Comes to 3D0!

The illusion is complete: The year is 1939 and you are a German General with a fresh command in Poland. Anything can happen. Lead well and your inexperienced units could turn into an overwhelming force plowing through Norway, Belgium, France, North Africa and the Eastern Front. You could even end up on the shores of England by 1940 — or in America by 1945!

In addition to the campaign game, you can play over 35 progressive scenarios independently as either the Allied or Axis side. Choose from over 350 unit types — from Tiger tanks to B-17 Flying Fortresses.

A Multi-Media Experience That Will Blow You Away!

No, CYCLONES™ isn't about twisters that take out trailer parks in the Midwest. We're referring to *Cybernetic Clones*, the deadly creations of an alien race bent on Earth's conquest.

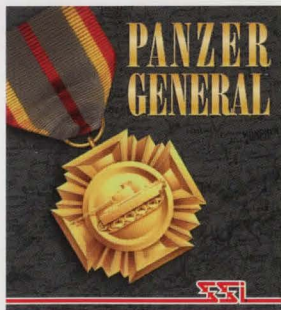

To add insult to injury, these CyClones are actually captured human beings transformed into flesh-steel monstrosities!

As Earth's defender, you're armed to the teeth with the highest of high-tech weaponry. You're also dying to jump into the action.

No wonder: CYCLONES is a white-hot, multi-media explosion! There's spectacular full-motion video and incredible cinematics. State-of-the-art digitized voices, sizzling sound effects and breath-taking music.

A streamlined interface provides quick access to weapons and inventory. Game play is fast and fun! The smooth scrolling, first-person perspective puts the action where you want it — *in your face!* BY RAVEN SOFTWARE. IBM 3.5" disks and CD-ROM.
