

FROM OUT OF A DARK NIGHT SKY

THE STORY SO FAR

Alone and desolate, the old man sat huddled by his tiny fire. Outside, the world he knew and loved was dominated by a race of Aliens, who stalked the land in search of poor defenceless humans such as him. Moving closer to the fire, he cast his mind back to the night that they had first arrived and of his first encounter with them. Perhaps if he had been able to destroy them all before they had hatched from out of those evil-looking "pods" they had fallen to EARTH in, perhaps none of this would be happening now. For years that solitary thought had eaten away at his mind, even in his few precious moments of sleep it still wormed its way into his thoughts. Was there to be no escape from that "Dream" or would it haunt him all his life? Was he the person responsible for them taking over the EARTH, or had it really been beyond his control?

"BEHIND CLOSED DOORS"

"A totally light-hearted romp, featuring the mighty BALROG, who is trapped in the 'smallest' room. Together you must find a way of escape and perhaps wreak revenge upon those responsible for this dastardly act. All you and the BALROG have at your disposal are a copy of the 'Goblin Gazette', a stub of a pencil and your wits
... will it be enough or will the poor BALROG be destined to spend the rest of his days with nothing but cold porcelain for comfort? It might not be easy but it will sure be fun!"

WARNING : This game may offend the 'mild-mannered' amongst you, so bear it in mind
