Start in a Secret Hiding Place. I (nothing), X CRATES and TAKE CROWBAR, X HATCH, PRISE HATCH (need crowbar), DROP CROWBAR, U, W (mess), X CARTONS and TAKE SANDWICH, S, S, W (cockpit), X PANELS, TAKE BATTERY, E, E, S (rest-room), X TOILET, X CISTERN (you lift up the lid and find a laser gun), TAKE GUN, X GUN, INSERT BATTERY IN GUN, N, N (top of boarding ramp). DO NOT go down yet! DROP SANDWICH (smell chases troopers away), D (now safe), SE, S (small alcove), TAKE CARD, X CARD (note "yellow"), N, N, N (control room), SMASH COMPUTER (don't need a tool), TAKE CHIP, X CHIP, S, E, E (in lift), PRESS YELLOW BUTTON (as per card), W (now on level 2), N, W (small toilet), X TOILET, TAKE COIN, E.

This is a good place to save your position as you can get killed as soon as you go east. Type E, SHOOT GENERAL as a single input (you need to be carrying the working laser gun), X dead GENERAL, TAKE CREDIT CARD, X DESK, TAKE cigarette LIGHTER, LOOK UNDER DESK (note the number - 40327 - which is the self-destruct input code), W, S. (Score 40%)

Once again it is advisable to string actions together. Type SE, SHOOT HATCH, JUMP THROUGH HATCH as a single input to jump into the garbage vault. X SLUDGE, TAKE metal BAR, X LIQUID (3% for finding egg, which is a red herring), SHOOT WALLS (you dive through the hole and find yourself in a junction of corridors. There is a guard to the east, so type E, SHOOT GUARD as a single input, X (dead) GUARD, TAKE UNIFORM, X UNIFORM (smart green uniform), E (mess), X MACHINE, INSERT COIN IN SLOT, TAKE CUP, X CUP (contains coffee), W, W, SW (bottom of steps), U, S (outside cells - you see a sleeping guard), PUNCH GUARD, X WALL (see circuit board and small button), X BOARD (chip missing), INSERT CHIP IN GAP, PRESS BUTTON (door opens), E (into cell), WAKE PRINCESS (she is drugged), GIVE COFFEE TO PRINCESS (** she is now wide awake), SAY TO PRINCESS "FOLLOW ME" (needs speech marks), W, N, D, NE, SE, S (recreation room), LIFT SEAT, TAKE DYNAMITE, N, SE (corridor where door bars route to the southwest), DROP DYNAMITE, LIGHT DYNAMITE (need cigarette lighter). Before you move, ensure you WEAR UNIFORM, SW, TAKE ROPE, SW, W (inside lift), PRESS BUTTON, E, N, E, E (in front of huge computer), INSERT CREDIT CARD, 40327 (found on underside of general's desk). You now have 15 minutes to escape, in fact 60 moves so don't panic. (Score 80%)

W, W, S, S (T-junction - do not go west from here), E (end of corridor), U (Princess won't follow you up the ladder but reappears on the platform). You now meet Yoga the Red-eye Knight who punches you in the eye and presents you with a light sausage! S (platform - princess re-appears and says some guards are chasing her), SAY TO PRINCESS "HANG ON", THROW ROPE (which catches on other side of gap), SWING ACROSS GAP (now on a walkway), INSERT metal BAR IN HOLE (to make a lever), PULL BAR (door opens), W (corridor). You now meet Daft Radar. RAISE light SAUSAGE, ATTACK RADAR, W (back at north end of main docking bay), SW, U (ramp), S, W, W (cockpit).

*** You don't get 2% if you GIVE CUP TO PRINCESS.
